

OUR TARGET

Children and teenagers in complex context and social risk.

MORE THAN 4000 CHILDREN HAVE BEEN HELPED
Since 2017

LONG TERM RESULTS'
EVALUATION

SUSTAINABLE DEVELOPMENT OBJECTIVES IN WHICH WE CONTRIBUTE:

Guarantee a healthy life and promote the wellbeing of all in all ages.

Promote peaceful and inclusive societies, enable access to justice and build efficient institutions that are accountable.

OUR AREA OF IMPACT

Mission: Psycho-social programs and workshops. Mindfulness, art and creativity for children at risk.

Tools that promote emotional balance and dealing with daily challenges.

Vision: Integral wellbeing: create a friendly and stable environment where mental health is valued.

General objective: Generate wellbeing and mental health for children in vulnerable populations through psychology and Mindfulness.

Specific objective: Develop emotional skills that will allow children to develop and respond to life's challenges in diverse contexts: family, community and academic.
